

Georgia Department of Agriculture

Dog and Cat Sterilization Program

The Dog and Cat Sterilization Program has suspended operations due to lack of funds.
We cannot approve any Veterinarian's Application for Financial Assistance at this time

When funds become available we will announce the date when Applications will again be taken. We will also notify by mail all veterinarians who have participated in the program. If you are a veterinarian and have not previously participated in the program, but would like to be notified, fill out the form below and return it to the Georgia Department of Agriculture

(Please type or print)
